BUILDING

As you can see work has started on the new roof. The digging has been done and the forms are in. On Friday the cement will be poured for the footings and piers. Then the forms for the walls will need to be put up and cement poured and then the excavation will need to be back filled and packed. Any help would be greatly appreciated. So give Peter a call at 613-732-8417 if you can help.
